2. Minimum Balance
Any required minimum balance for opening, maintaining, or obtaining dividends is disclosed on the Savings Rate Sheet and Fee Schedule.

3. Withdrawals & Transfers (Share Savings, SAFE Savers Kids Club, Young Member Account, Non-Dividend Earning Share, Business Savings, Business Non-Dividend Savings, Special Share, Money Market)

- In person, over-the-counter, or by messenger.
- Via a signed request mailed to SAFE.
- At a SAFE ATM or Network ATM.
- By telephone, CALL-24, or pre-authorized agreement when the proceeds are made payable to and mailed to the account owner.

- CALL-24 or Online Banking transfers to deposit accounts at SAFE.
- Telephone or pre-authorized withdrawals (transfers) to third parties (e.g., merchants, other financial institutions, mortgage companies, insurance companies).

A Money Market Exception Fee, as stated in the Fee Schedule, will be charged for each check or pre-authorized transfer to a third party exceeding the limit. In accordance with regulations, transactions in excess of this limit on more than an occasional basis will be returned unpaid.

4. Prohibited Withdrawals
SAFE may prohibit withdrawals if there is a dispute regarding the account, a legal garnishment or attachment is served, or if any required documentation has not been presented. You will be advised of the reasons for refusal if such action is taken.

5. Overdraft Source
Unless otherwise designated, the Share Savings, Business Savings, Non-Dividend Earning Share, or Business Non-Dividend Savings account shall serve as the overdraft protection source for the checking account. Money Market, Special Share, Credit Card, Quick Cash, and Home Equity Line of Credit may also serve as overdraft sources for checking accounts at SAFE. All owners and authorized signers on my checking account will have access to accounts listed as overdraft sources through Overdraft Protection.

6. Overdraft Protection (Checking only)
SAFE is under no obligation to pay a transaction that exceeds the available balance in your account. Transactions that would overdraw the account may be treated as a request to transfer funds from the overdraft source designated on your checking account. All owners and authorized signers are jointly and severally liable for any and all overdrafts on this account.

Overdraft transfers will be in multiples of $100, amount of ATM or debit card transaction, or the funds available, whichever is less. Overdraft transfers from your Share Savings, Non-Dividend Earning Share, Special Share, Business Savings, Business Non-Dividend Savings, and Money Market accounts are limited and subject to the terms and conditions of that account.

Overdraft transfers from your Credit Card, Quick Cash, or Home Equity Line of Credit are unlimited and subject to the terms and conditions of that account. An overdraft transfer fee, as stated in the Fee Schedule, will be charged to the account receiving the transfer.

Checking accounts without an available overdraft transfer designation will be automatically reviewed for Courtesy Pay (Overdraft) service, which may take your account negative or increase an existing negative balance to pay a SAFE check, ATM or debit card transaction, or debit by other electronic means. This is a non-contractual member courtesy that can be withdrawn at any time. Whether your overdrafts will be paid is discretionary, and we reserve the right not to pay if your account is not in good standing. The negative balance must be paid within 20 days. SAFE will not authorize and pay overdrafts for ATM and everyday debit card transactions unless you ask us to. However, in some situations, we may decide to pay the ATM or everyday debit card transaction and not charge a fee. Refer to the Fee Schedule and Overdraft Service Options for fees. You may choose to opt out of Courtesy Pay by contacting SAFE. Business accounts are not eligible for Courtesy Pay service.

SAFE will only offset government benefits (e.g. Social Security and other public benefits) deposited to your accounts as permitted by law.

7. Returned Items
Items that exceed the overdraft transfer limit or funds available will be returned unpaid. At that time, the account will be subject to a non-sufficient funds fee as stated in the Fee Schedule.

8. Dividends
Rate Information: The dividend rate and APY may change every dividend period as determined by the credit union board of directors. Specific dividend rates are disclosed on SAFE’s Savings Rate Sheet and are prospective and subject to change. For the latest declared dividend rate and annual percentage yield (APY) call (916) 979-7233 or (800) SEESAFE.

Accrual: Dividends will begin to accrue on the business day you deposit non-cash items to your account.

Nature of Dividends: Dividends are paid from current income and available earnings, after required transfers to reserves at the end of the dividend period.

SAFE Freedom Checking, Non-Dividend Earning Share, Business Non-Dividend Savings, & Business Value Checking: These accounts do not earn dividends.

Share Savings, SAFE Savers Kids Club, Young Member Account, Special Share, Business Savings, Perfect Cents Checking, SAFE Prestige Checking, SAFE Capitol Checking, Business Checking, Capitol Access Money Market, Preferred Money Market, and Business Money Market Accounts: Dividends are compounded monthly and credited on the last day of each month. The dividend period is monthly, for example, the beginning date of the first dividend period is January 1, and the ending date is January 31. All other dividend periods follow the same pattern. The dividend declaration date follows the ending date of a dividend period, which for this example is February 1. Dividends are calculated by the average daily balance method, which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period. The dividend rate will change at specified balance levels. If you close your account before dividends are paid, you will not receive the accrued dividends. Perfect Cents Checking and linked Share Savings or Young Member Account: Dividends are paid on the portion of the account balance that falls within each specified tier. Two monthly requirements must be met to receive dividends on Perfect Cents Checking and premium dividends on linked Share Savings or Young Member Account: 1) active enrollment in eStatements; and 2) minimum of 10 debit and/or credit card purchase transactions must clear same membership account. SAFE Capitol Checking: Dividends are paid on the portion of the account balance that falls within each specified tier. To receive dividends, account must meet three monthly requirements: 1) active enrollment in eStatements; 2) direct deposit of $500 or more; and 3) minimum of 12 debit and/or credit card purchase transactions must clear same membership account. One Capitol Checking per member. Preferred Money Market: Dividends are paid on the portion of the account balance that falls within each specified tier. One Preferred Money Market per member.

- Checking Accounts are structured into checking and savings sub-accounts for regulatory accounting purposes. SAFE Credit Union may periodically transfer funds between these two sub-accounts. Your dividend calculation on dividend earning accounts will stay the same on both sub-accounts. If your Checking Account does not earn dividends, the savings sub-account will not earn dividends. This process will not affect your available balance, the dividends you may earn, NCUA insurance protection, your monthly statement, or any other features of the Checking Account.
